Vacant positions – Men's Reserves Coaches

The 'Wellers' are seeking expressions of interest from enthusiastic playing or non-playing coaches to join our Men's Reserves coaching group in 2022, with opportunity to be involved across both Senior and Reserve teams. Flexibility for candidates to discuss taking the role as head coach or assistant.

Our men's teams compete in Division 1 of the Victorian Amateur Football Association (VAFA). The playing group is fun, respectful, talented and connected. They are well-positioned to continue their development and be highly competitive in 2022.

We are looking for people with the following attributes:

- Passionate about being a role model, building a positive team culture and developing individual players as footballers and people.
- Good football knowledge. Coaching experience not essential, but ideal, just a positive attitude and willingness to learn.
- Open communication skills and an ability to engage and work cooperatively with the senior coaching group, as well as the broader club community.
- Available for Saturday matches, as well as training two nights per week, and attend occasional club social functions.

You will be supported by an experienced senior coaching group and off-field staff, as well as the committee, supporter base and 190-plus players across the club. Located at Gordon Barnard Reserve in Balwyn North, the club has great facilities and grounds. The club offers competitive remuneration.

Forward applications or expressions of interest outlining a bit about yourself and why you feel you would make a great coach of our Men's Reserves team. Feel free to get in touch to chat about the role.

Applications close 11 November 2021 (or earlier, if candidates are found).
